Education

Aditya College of Engineering and Technology

Sept 2022 – June 2026

B.Tech in Computer Science (Data Science)

SKILLS

Programming Languages: Python, C, C++ , Java, JavaScript

Full Stack: HTML5, CSS, React, Angular, Next, UI/UX, Flask, API, Node.js, Express.js, MongoDB, SQL

Mobile Development: React Native, Expo Go

Machine Learning & AI: TensorFlow, Keras, NLP, CNN, Data Analysis

Devops & Cloud: Git, GitHub, Docker, CI/CD, AWS

Developer Tools: Jupyter, VSCode, Figma

Experience

React & React Native Intern, Technical Hub – Surampalem, Andhra Pradesh

June 2024 – July 2025

- Delivered 50+ accessible HTML5 pages and 30+ responsive layouts using Flexbox, Grid, and media queries, improving cross-device compatibility by 30%.
- Built 20+ reusable web components and 15+ React UIs, integrating interactive data visualizations and improving frontend performance by 50%
- Reduced page load time by 40% through lazy loading, minification, and frontend optimization.
- Collaborated with teams, mentored interns, and integrated AI/ML features, reducing development time by 20%.

Projects

SmartBin AI - Waste Classification System

(Link)

- Integrated an AI-powered system to classify waste using image and text inputs for automated categorization.
- Achieved 92-95% image classification accuracy and 85–90% text prediction accuracy using TensorFlow/Keras and NLP. Improving user engagement by 70% during testing.
- Tech Stack: Python, Flask, HTML, CSS, JavaScript, TensorFlow/Keras, NLP.

Job Path React Native Application - Frontend and Backend Developer

(Link)

- Contributed as part of a 6-member team, designing the Authentication, home page, resume and certificate upload interface with 25+ reusable React Native components.
- Connected the platform to 4 external job boards via REST APIs, instantly expanding available career opportunities by 40%. Maintained a MongoDB database handling 5000+ multi-field user resumes and profiles with 99.9% uptime.
- Tech Stack: React Native, Node.js, Express.js, MongoDB.

TripWise – Indian Budget Travel Planner

(Link)

- Streamlined an AI-powered travel planner for creating personalized trips across India based on destinations and budgets. Implemented AI-generated itineraries and transport planning for custom destinations.
- Tech Stack: Next.js, TypeScript, Tailwind CSS, PostgreSQL, NextAuth, Gemini API.

Certifications

Cisco Certified in C and Python Essentials

(Link)

Pearson IT Specialist Certification in Python, HTML/CSS and JavaScript

(Link)

Machine Learning and Deep Learning from NPTEL

(Link)

Oracle Certified Foundations Associate by Oracle
